- Example task begins -

P1: Okay, P2 - I have a few things on my screen…
P2: Yes! I do, too.

Please discuss with your partner: Where is the sheep ?

P1: Okay - I have a **sheep,** it's on the right hand side, beside some **butter.** Is your **sheep** in the same spot?

P2: Oh! I don't have a **sheep**…oh wait, yes I do….but it's not beside **butter**…it's in front of the curry restaurant, behind a **writer.**

P1: Oh…that's a weird spot for a **sheep!**

Please discuss with your partner: What colour is the rider?

P2: Do you have a **rider** in your scene?

P1: Yes! It's a **rider** on a scooter, what about you?

P2: I do too, my **rider** is green and beside a blue **batter**…on the left hand side of the picture.

P1: Wait, the **badder** was on the right side, wasn't it?

P2: Yes, I mean a **batter**, like in baseball!

P1: Ooh, I see! Okay, I have a **rider**, but my **rider** is in the water and its blue…. It's under the **peel…**and I think it's carrying a **ladder.**
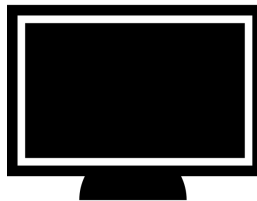

P2: A **latter?** Like the 'last thing' **latter?** What do you mean?

P1: No, sorry - like the tool **ladder**, like you would climb up to fix something!

P2: Oh, I understand. I have a **ladder** in my picture too, but it's on the sand beside the **ship.** Okay so we know we each have a **sheep** and a **rider**, but some of the other items are different?

P1: I guess so!

Please discuss with your partner: Who is holding the peach ?

P2: Oh. I have a peach in a boat…beside something **metal.**

P1: My **peach** is held by the **badder**…and it's beside **metal,** too!

Please discuss with your partner: Where is the litre ?

P1: In my picture, the **litre** is in front of the convenience store.

P2: Hmm, I have **leader** but they're on top of the curry restaurant?

P1: I meant **litre,** like a container that holds a drink?

P2: Oh, sorry! Yes, I have a **litre**, it's outside of the cafe.

Do you see:
A Flower ?
People ?
Building ?
Tool ?

P1: Okay - I have a flower, I think. I think it's a **poppy**? It's beside some sort of fish..

P2: Hmm yes I have a **poppy,** too! Mine is beside…is that a **cod?**

P1: Great okay - do you see any other plants?

P2: Yes, I have a tall green one…what is that called?

P1: I think it's a **budder**?

P2: What? Like **butter**?

P2: Haha no, like a **budder**, a budding plant?

P1: Oh! Yes, ok! I have a small convenience store, and there's both a **litre** and a **leader** in front of it. I also have one tool, a **pick** on the back of the **rider.**

P2: Yes, I have a **pick** in the same spot…but also a **mill** in the sky haha - does that count as a tool?

P1: Like a **meal** you eat? Oooh no you mean like a flour **mill**, yes! Oh, I have a **pick** too, but its on the back of a kayak in the water.
